Reading

*** Read the text. What three things does the weather affect in our everyday lives?**

How does the weather affect us?

كيف يؤثر الطقس علينا؟

The weather where we live affects the choices we make every day. After you get up in the morning, what is the first thing you do? You choose your clothes, of course! Do you choose a pair of shorts with sandals, or your new scarf with a wool sweater? Do you need rain boots? What about sunglasses?

The answers to all of these questions depend on one thing - the weather.

Weather also affects the activities you can do. If it is a hot day, you may decide to go for a swim. If it is snowing, you could choose to build a snowman. Sometimes, your plans have to change because of the weather. For example, if you plan to play football in the park with your friends and then it starts to rain, you need another plan!

Did you know that the weather can also affect your health? For example, you are more likely to get the flu during cold weather because the virus can move from one person to another more easily

when it's cold. The extra sunlight you get in the summer months increases your vitamin D levels. This has many benefits for your body and makes it healthier.

However, some people don't get enough sunlight, their levels of vitamin D decrease and this can make them feel down.

Do rainy days really make us feel sad?

هل حقا الايام الممطرة تجعلنا نشعر بالحزن؟

Do you notice that when it rains, or is very windy, that your mood changes and you feel sad or nervous or down? Can bad weather affect how you feel?

If you think you feel down when it rains, it's not your imagination! Scientists say bad weather can have a negative effect on our feelings. When the sky is dark and it's wet outside, some people definitely start to feel low. They often have a sudden change of mood from happy to sad, and usually also have less energy. Windy weather can make some people (and animals) feel nervous, or restless. Scientists think the noise of the wind especially can affect our mood.

If your mood changes in bad weather, what can you do to feel better? Experts say that one thing which helps is to switch on more lights in your home when it rains. More light tells our brains to increase the amount of chemicals in our bodies which make us feel happy and positive.

Another good idea is to go for a walk outside, even when the weather is wet. There is still some sunlight on rainy days, and this can boost your body's Vitamin D and improve your mood.

If you can't get outside, the best solution is to do an activity which you enjoy and that makes you feel good. For example, you can watch a funny movie, play a game with a friend, or do arts and crafts. Exercise also helps. When you do physical activity, it makes you feel more energetic and improves your mood. So go and do a workout or put on some music and start dancing!

1 How do many people feel on rainy days?

Hare runs back home. But when she gets to her door, she stops. What is that noise? Something is moving inside Hare's house! "Is somebody there?" asks Hare.

"Stay where you are!" says a loud voice.

Hare is very surprised. Who is in her house? Then the voice speaks again. "Hare, don't come in. If you come in, I'll eat you. Hares are my favorite food."

Hare is very scared. The animal which is in her house wants to eat her. Hare runs to the forest where her clever friend Monkey lives.

"Monkey, please help me!" says Hare. "There's an animal in my house, and it wants to eat me!"

Monkey looks interested. "An animal? Let's go and see," Monkey says. They go back to Hare's house. "Who's in there?" shouts Monkey.

A voice answers, "Monkey, don't come in. I'll eat you if you come in. Hares are my favorite food, but monkeys are also delicious."

Monkey and Hare look at each other. They are both very scared. They run to the lake where their friend Elephant lives. "There's an animal which eats hares and monkeys in Hare's house," they tell Elephant. "We need your help!"

"Don't worry!" says Elephant. "I'm coming! I'm the biggest, strongest, bravest animal in the world. Nobody can eat me!"

Elephant goes to Hare's door. "I'm coming in!" he shouts. "Stop!" says the animal inside. "I'm hungry and I love to eat ..."

"You can't eat me!" shouts Elephant. "I'm the biggest, the strongest ..."

Suddenly, Hare's door opens, and a small mouse runs out. Elephant jumps high in the air! He's very scared. For as everybody knows, elephants are afraid of mice!

"Help! A mouse! A mouse!" cries Elephant and he quickly runs away.

Mouse looks at Hare and Monkey. "I'm sorry," she says. "Are you angry?"

Hare and Monkey start to laugh. "No, we're not angry," they say. "Elephant's face was so funny!"

The all laugh again. Then Hare goes inside to finally eat her carrots.

Dates have a lot of sugar in them and are high in calories. They stay fresh for a long time and are also nutritious. They are full of vitamins, which help to keep our bones strong and are good for the heart and stomach.

Lesson 4

New York has a lot of green spaces. There are also a lot of projects to create parks and green areas in parts of the city that no-one uses now, like the famous High Line - do you know about it? It passes through our neighborhood, so I often go there with my parents. It's really cool.
